DIVISION OF MUNICIPAL ACCOUNTING**STATE TAX COMMISSION**

Concord, New Hampshire

Summary of Findings and Recommendations

January 29, 1959

Board of Selectmen
Hinsdale, New Hampshire

Gentlemen :

Submitted herewith is the report of an examination and audit of the accounts of the Town of Hinsdale for the fiscal year ended December 31, 1958, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

Scope of Audit

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Water and Sewer Departments, Library, Municipal Court and Trustees of Trust Funds.

Financial Statements

Comparative Balance Sheets—December 31, 1957-December 31, 1958: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1957 and December 31, 1958, are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by \$23,374.11 in 1958.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt

Bonds Paid	\$15,000 00	
Long Term Notes Paid	7,000 00	
Net Budget Surplus	688 27	
Increase in Accounts Receivable	1,391 52	
		<hr/>
		\$24,079 79

Increase in Net Debt

Increase in Accounts Payable	\$675 00	
Tax Collector's Credit Deficit (Offsets Excess Credits in 1957)	30 68	
		<hr/>
		705 68

Net Decrease		<hr/>	\$23,374 11
---------------------	--	-------	-------------

**Comparative Statements of Appropriations and Expenditures—
Estimated and Actual Revenues: (Exhibit A-3 and A-4)**

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1958, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$16,100.28, less a net overdraft of appropriations of \$15,412.01, resulted in a net budget surplus of \$688.27.

Summary of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1958, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1958, is indicated in Exhibit B-2.

Statement of Long Term Indebtedness (Exhibit G)

A statement of outstanding long term indebtedness as of December 31, 1958, showing annual debt service requirements, is contained in Exhibit G.

Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were

compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

General Comments

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased from \$5,578.42 to \$6,952.53, during 1958, as shown herewith:

	December 31, 1957	December 31, 1958
Total Assets	\$105,257 41	\$105,434 19
Current Liabilities	99,678 99	98,481 66
	<hr/>	<hr/>
Current Surplus	\$5,578 42	\$6,952 53

Northfield Road Sewer Extension:

The appropriation statement (Exhibit A-3) indicates an overdraft of \$17,699.32 in the Northfield Road Sewer Extension account. The revenue statement (Exhibit A-4) indicates excess revenue in the amount of \$11,700.00 received from the Hinsdale Raceway license fees.

The annual town meeting of 1958 voted to "raise and appropriate a sum not to exceed thirty-five thousand dollars (\$35,000.00), for the purpose of constructing a sewer line in said Town on Northfield Road and to authorize the Selectmen to borrow thirty-five thousand dollars (\$35,000.00) on the credit of the Town and to issue and sell notes or bonds in the name of and on the credit of the Town."

Inasmuch as the Raceway license fees, amounting to \$11,700.00, were not considered as estimated revenue in the Town budget and therefore became surplus revenue, the Board of Selectmen used this and other surplus funds to finance the construction of the Northfield Road Sewer rather than through the issuance of notes or bonds.

Town Treasurer's Surety Bond:

The surety bond of the Town Treasurer should be increased from \$10,000.00 to \$20,000.00, in order that the amount of the bond may be more commensurate with the amount of funds in the custody of the Treasurer.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Hinsdale for their assistance during the course of the audit.

Yours very truly,
HAROLD G. FOWLER, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

EDGAR O. PESQUERA, Auditor

Pine Grove Cemetery Memorial Trust Fund

The Memorial Trust Fund is progressing very satisfactorily. Many have expressed their gratitude for the convenience of the two sprinkling cans placed in the cemetery, made possible by interest earned from the fund.

Anyone interested in the Memorial Trust Fund may contact the Trustees of the Trust Funds or the Cemetery Sexton.

LIBRARY REPORT

Hours open per week	20
Total circulation	25,320
Adult fiction	8,479
Adult non-fiction	4,050
Juvenile fiction	5,210
Juvenile non-fiction	5,682
Magazines	1,899
Average daily	99
Percent of fiction	54
Volumes purchased	350

We are pleased to report that the circulation has increased by over 2,600 volumes over that of last year. Again, non-fiction shows a marked rise, especially in the adult class which is due for the most part to the high standard of reading required of the high school students of today and to the fact that non-fiction books are no longer "dry as dust" but interestingly as well as informatively written.

A new edition of the *Encyclopedia Americana* was purchased in November with interest from the Adelia M. Barrows Fund. This up-to-date set of books is much appreciated by the school children. Several new reference books were also purchased this year to supplement this much used department.

The library subscribes to thirty periodicals and three newspapers. It is the recipient of several gift magazines which are much appreciated. All political and religious books and magazines are gifts or government publications and cost the library nothing. The library also received a gift of approximately forty children's books this summer.

The bookmobile continues to call about every eight weeks and we borrow from 175 to 200 books, mostly non-fiction both adult and juvenile. We are indeed fortunate in being able to bring to our readers many books which would be denied them due to our limited budget. We use the State Library frequently to augment our reference department. It is most coopera-

tive and very prompt in answering our requests. Mr. Emil Allen, assistant librarian at the State Library, called during the fall and inspected this library.

The librarian attended the New England Library Association meeting at Swampscott, Mass. in October.

National Book Week was observed with appropriate posters and new books were on display. This week was declared "fine free" and many overdue and "given up for lost" books were returned.

During the year soiled and worn books were discarded. Many books have been rebound and this expenditure means less money for new books. Therefore the librarian and her trustees would greatly appreciate the cooperation of the borrowers in regard to more careful handling of the books so that this bindery expense may be reduced to the minimum. There are outstanding bills that will use more than the balance shown on this year's financial report.

Our library continues to be as good or better than most libraries of comparable size and it is the librarian's desire to maintain this standing.

At this time the librarian wishes to thank the trustees for their help and cooperation during the past year. She also wishes to thank the readers, especially the young people for their continued promptness in returning their books and for their good manners while in the library. These courtesies are much appreciated.

Respectfully submitted,

SYLVIA E. FLETCHER,

Librarian.

I wish to take this opportunity to thank the various Law enforcement agencies of the Town, County and State as well as the Selectmen, School authorities and the citizens for their continued cooperation. I like to feel that ours is a good, clean Town simply because all of our people believe in living up to the law, as shown by our low Court record. Inasmuch as I have had to resign my position as Justice, to assume the office on the Governor's Council, I am sure that future justice will be handled as efficiently and impartially as I have attempted to do during these past ten years. My sincere good wishes and thanks to you all.

MUNICIPAL COURT OF HINSDALE,
HAROLD R. WEEKS, Justice.

PUBLIC HEALTH NURSE

The following is my report for the period between January 1, 1958 and Dec. 31, 1958.

No. of cases were:

Non-communicable	453
Communicable	79

Of these were:

Infant	16
Preschool	18
School	406
Adult	89
Crippled Children	18
Tuberculosis, to clinics	5
Prenatal	1
Newborn	4

The total No. of field visits were:	1,260
Office Visits	126
Cases Admitted	310
Cases Discharged	348

On February 6th the first clinic was held for polio vaccine for the year. Clinics were held in April, May, and June, giving polio vaccine and Triple toxoid and vaccinations on each date. Dr. John J. Doyle was attending physician at these clinics.

On Feb. 17 the third Red Cross Blood Bank was held at the Congregational Church with a poor showing of 26 donors, due to the absence of any donors from Winchester. Because of this the next Blood Bank was held in Winchester in August, 15 Hinsdale people were donors. The nurse also assisted at Winchester. Dr. Thomas O'Connor and Dr. John J. Doyle were attending physicians.

At the January P. T. A. meeting a talk was given on health. Three Civil Defense First Aid Classes were attended in Northfield in January and another in April at Northfield. In March and April, The Red Cross Instructors Course for First Aid, was attended at Keene Teachers' College. A class was given at the

Fire station following this in the spring and another in the fall of the Standard First Aid Course. There were 19 who successfully passed this course.

In February the Womans Club was given the changes in the New Red Cross First Aid Handbook and Home Nursing and Civil Defense Material, in April this was done also for the Woman's Fellowship. Instruction was given the girl scouts in the spring for first aid badges.

During the year, meetings were attended on Civil Defense and Red Cross in Concord, Claremont and several in Keene, relating to nursing, the area of responsibility of each organization, and Care of the Sick and Injured. The Instructors Course in Care of the Sick and Injured, was attended at the Elliot Community Hospital in November and December.

In October a nurses meeting sponsored by the N. H. Heart Ass'n was attended in Concord.

My report of school activities follows.

There were 173 days when school children received attention. The number of times that children were seen were: 2,955 at school and 74 visits at home.

The following cases were:

Pediculosis	28
Chicken Pox	15
Measles	28
Poison Ivy	8
First Aid	43
To Tuberculosis Clinics	3
To Orthopedic Clinics	14
To Child Guidance Clinics	2
Other	219

Hearing tests were given 510 pupils, 9 having some defects. Vision tests were given to 284 and 71 showed some defect in their vision. We were fortunate in having the use of a new machine this year for a few weeks, and were able to use it for the high school, where space was not available to use our old machine.

The annual physical examinations were given in the fall by Dr. Edmond LaChaine. There were 518 examined. The following defects were found.

Teeth needing attention	138
Nutrition	40
Orthopedic	1
Enlarged tonsils	98
Asthma	1
Rapid Pulse	6

There were 7 Crippled Childrens Clinics attended with 14 children.

The Annual School Nurses meeting in October, was attended in Manchester.

I wish to thank everyone for the help and co-operation given during the year, for all the clinics, etc. that have been held.

Respectfully submitted,

GRAIS E. CHURCHILL, R. N.

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the School District in the town of Hinsdale qualified to vote in district affairs:

You are hereby notified to meet at the town Hall in said district on the sixth day of March, 1959, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
6. To choose Agents, Auditors, Committees in relation to any subject embraced in this warrant.
7. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
8. To see if the district will vote to raise and appropriate the sum of fifteen thousand dollars (\$15,000) to carry out the recommendations of the State Fire Marshal in order to make our school buildings as safe as possible from fire and

hazards, this appropriation to be made available to the district during the present school year 1958-1959.

9. To see if the district will vote to raise and appropriate the sum of thirty-two hundred dollars (\$3,200) for the purpose of erecting three fire escapes at Hinsdale High School, this appropriation to be made available to the district during the present school year 1958-1959.

10. To see if the district will vote to petition the state board of education to become a member of a cooperative school district comprising grades 1-12 which must include, in addition to this district the following school districts, namely Swanzey and Winchester and may include Richmond school district.

11. If article 10 is voted in the affirmative, to choose two members to serve with representatives from the other school districts on an interim committee for the organization of a cooperative school district.

12. To see what action the district will take concerning a school planning committee for the ensuing year or take any other action thereon.

13. To see if the School District will empower the School Planning Committee, and the School Board of Hinsdale, N. H., to further investigate the Actual Costs for a High School Building, completely furnished to be built in the Town of Hinsdale, N. H., cost figures to be with a gymnasium and also without a gymnasium for the present, to be built on the existing land owned by the town of Hinsdale, using facilities already installed such as sewer and water lines. These figures to be presented by the School Planning Committee at a Postponed later date to be set at this meeting, or act in any manner thereon.

14. To see if the School District will accept upon a favorable vote at Town Meeting of Town of Hinsdale, N. H., to be held March 1959, from the Town of Hinsdale's income from the Hinsdale Raceway, as much of it as is actually necessary, to set up a Capital Reserve Fund for financing, or to be used annually from the income each year to meet the payments for a local High School and its Furnishings to be built in Hinsdale,

N. H., according to plans and specifications acceptable to the voters of the Town of Hinsdale, N. H., or act in any manner thereon.

15. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

Given under our hands at said Hinsdale, this fourteenth day of February, 1959.

ANNUAL REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I herewith submit my sixth annual report as principal of the Hinsdale Schools.

It is a pleasure to report the completion of a most harmonious and successful year within the elementary area. A new spirit prevails throughout this program, lending itself to improved problem solving and to increased interest in the program.

At the start of our present year, three new teachers had entered our elementary school. Of these three, but one was a definite replacement due to an outright resignation. One replaced a transfer of personnel from Hinsdale to Swanzy and the other was added to our staff because of growth. I feel this is a good indication of improved conditions, atmosphere, environment and salary schedule re-evaluation.

Study of problems peculiar to our own elementary grades is going on constantly. Through the cooperative efforts of our staff; their knowledge acquired through study, and the noting of current problems, such studies as have been done, are carried on.

Before entering into a report of our high school year, may I first report on departments.

Reporting on Departments:

Home Economics:

Although classes are not large the results have been gratifying. As was previously reported, every effort is being made to be selective in the placing of pupils within courses of study. As our school increases in members so too will the home economic classes. The physical area is not good, however, until something better is provided our teachers will do their best in providing an adequate program for the girls attending this area.

Music:

The music area, embracing both schools as it does, has maintained a successful presentation of public demonstrations. The exhibitions at our P. T. A. meetings were well received. It is the hope of our entire department that an increase in instrumental interest will soon prevail. We are increasing the scope of the school chorus, both at the elementary school and at the high school. The high school chorus group has increased to over forty voices. We need the interest in instruments for orchestral participation. However, it is difficult to provide such a program with our small student body.

Our band participated in several parades, concerts and demonstrations, all very well received.

Industrial Arts:

The industrial program has small classes and will continue to until grades seven and eight enter the high school as ninth and tenth graders. The opportunities for exploration of trades has expanded. Hinsdale received recognition at the Spring Meeting of the Industrial Arts Programs for having advanced in providing improved study within the field of electronics. This is excellent preparation for the future years when all subject areas will be crowded.

Extra Curricula:

Our sports program maintained a high standard of sportsmanship throughout all activities. Hinsdale, through association with the South Western New Hampshire League has assured itself sufficient contests to receive consideration within the N. H. I. A. A. Small Schools program. Our greatest problem is one of finance. Cost of equipment, officials, etc., is increasing and income has decreased slightly to a point where other means of support may have to be considered.

The Industrial Arts Club assures several of our boys additional opportunity to pursue their interest in vocational training. It has been interesting to note and to report a growing interest in this area.

The Dramatic Club presented Three One Act Plays in the spring and were judged on ability. The winning play received the privilege of participating in the New Hampshire Dramatic Festival held at the University and received very encouraging

comments. More of this type of activity is hoped for in the future planning of such related activities.

The class of 1958 enjoyed a most successful trip to Washington. I am sure they would accept my expression of their appreciation to all who helped make their trip a success. Costs for this program are increasing and will soon be somewhat difficult to meet with larger numbers coming into the school. However, this is a problem for parents and will be decided upon the ability to finance such a trip.

Again, it was possible to offer two scholarships from the Davidson Scholarship Fund. This is an extremely fine contribution to the recipients going to college. In the very recent years, this contribution has actually made possible the attending of college by some of our graduates.

In reporting on our high school program, it is a pleasure to report the fact our entire staff elected to remain with us for a second full year. As the records show, this is most unusual for a small school such as Hinsdale and especially in this period of extreme teacher shortage. That this same condition will again exist can at least be hoped for, however, with salaries, teaching environment, respect and many fringe benefits improving in other areas, it will not be surprising if we should lose one or two teachers to other areas.

Much has been said regarding our academic program. During the latter part of our year the State Department of Education sent a visiting team to our school for the purpose of evaluation. Their report was one of encouragement. At the present we do meet the minimum standards established for high schools academically. The suggestions for improvement were carried out immediately as far as our plans would permit. The length of time we will be able to maintain such standards will be determined by the rapidity into which our enrollment enters.

At the moment, Hinsdale faces the issue of selecting an educational program which will permit needed growth or maintaining the present basic minimum requirements. I believe every medium of public education has been used to express ideas relating to our educational needs nationwide. Certainly one need not be forced to exert more than normal effort to obtain factual data related directly to our national education

problem and this same problem can be seen even more clearly within our immediate area. Whatever action may be taken may be of such lasting nature as to assure our future citizens of equal and comparable opportunities or be that which will thwart such opportunity, not alone within our educational structure but within our community as well. It is my personal and professional hope that the most serious of consideration be given this problem by the citizens of Hinsdale and that logical, constructive thinking will prevail.

Much credit is due Doctor LaChaine for his continuance of our health examinations. With the very capable assistance of Miss Grais Churchill, all pupils were examined throughout the school.

The bus service is exceptional. Our drivers are fully qualified and their busses passed rigid safety tests assuring the pupil every advantage in reaching their destination safely.

The two schools are clean and well kept by the custodial services supplied. Our elementary school looks just as good as the day it opened, which I believe speaks well of the services rendered by the custodian.

The financial status of the School Activity Funds as of January 1, 1959 is as follows:

Class of 1959	\$949 16
Class of 1960	183 60
Class of 1961	178 04
Class of 1962	11 55
General Fund	147 60
Music Fund	256 49
Athletic Fund	70 55

In closing, may I again express my appreciation for the co-operative support given to me in carrying out the duties assigned. To you, the School Board, the teachers and pupils for aiding in making our school year the success it has been, may I offer my most sincere appreciation.

May I also extend my appreciation to the other people of Hinsdale for their support of our programs and especially for making our living here the pleasure it is.

Respectfully,

ROBERT A. GIRADIN, Principal.

REPORT OF THE SUPERINDENDENT OF SCHOOLS

To the School Board and Citizens of Hinsdale:

I have the honor to submit my twelfth annual report.

STAFF CHANGES: There were only two changes in our teaching personnel this year. Mr. Joseph G. Thibodeau was elected to the grade 8 position vacated by Mr. Gordon P. Jacques who accepted another position in Pinkerton Academy in Derry, New Hampshire. Mrs. Edith G. Brandt is teaching grade 6 in place of Mr. Douglas M. Leslie who is now teaching in Swanzey, New Hampshire. Both Mr. Thibodeau and Mrs. Brandt are graduates of Keene Teachers College.

Two other teachers were added to our staff this year. Mrs. Rosemary A. Ryll was elected to one of the seventh grade positions at the elementary school and Mrs. Jean C. Hogencamp was elected as teacher of science subjects at the high school. Mrs. Ryll is a graduate of the Rhode Island College of Education while Mrs. Hogencamp is a graduate of the University of Massachusetts. Mrs. Hogencamp did not return following the Christmas vacation. Her place has been filled by the election of Mr. Robert S. Kidder who is a graduate of Keene Teachers College.

In his last major address, Ex-Governor Lane Dwinell emphasized the necessity of the formation of cooperative school districts in New Hampshire in order to bring about improved educational opportunities for our youth. Hinsdale today is faced with the problems of whether to proceed in the direction of the formation of a cooperative school district with neighboring towns or to continue in the old traditional manner of supporting its own local high school. The solution of this problem is extremely important, for its effect will be felt in Hinsdale for many years to come.

The spotlight of interest is being focused on the American high school with increasing intensity. Just how good are our high schools? A nation-wide study financed by the Carnegie Corporation and headed by Dr. James B. Conant, past president of Harvard University, provides some means of measurement.

A conclusion reached in the study was that only one high school in every five is large enough to offer the type of program necessary to meet the needs of all the pupils. A high school should be large enough to have a graduating class of at least 100 pupils each year. A glance at the above enrollment table

will show that this will not be the case in Hinsdale High School in the foreseeable future. It should also be remembered that the figures in the above table are undoubtedly too high since no allowance was made for drop-outs between grades 9 and 12.

The larger school can group pupils throughout the four years which the smaller school cannot do except at terrific expense. In the larger school, the brightest group of pupils should be required to take four years of English, four years of history and social studies, three or four years of mathematics, three years of science and four years of a foreign language. By grouping pupils according to ability in each subject, the quick learners are not held back by those who learn more slowly.

Guidance and counseling services usually found in the larger school are not likely to be found in the smaller school. Careful counseling should be given to pupils in their choice of elective subjects. Dr. Conant's study showed that in too many high schools subjects were taken with little thought being given to a developmental program. Trained guidance and counseling personnel would remedy this condition.

There are those who would contend that the above conclusions are those of professional educators. However, many lay citizens apparently feel the same way. Last fall, for example, 3500 delegates journeyed to Columbus, Ohio, at the request of Governor C. William O'Neill, to attend one of the largest citizens school conferences ever held. These delegates represented more than 50,000 lay citizens who had attended some 500 local meetings over the past three years. One conclusion reached at the conference was that small, ineffective school districts must be reorganized or consolidated.

New Hampshire laws make it possible for school districts to join forces to provide larger school units for their pupils. In this immediate area, a cooperative high school to serve the needs of Hinsdale, Swanzey, Winchester and Richmond would have a potential of some 700 pupils. A school of this size would be well equipped to do the job recommended in Dr. Conant's research.

The following are some of the things which a cooperative district can provide:

Adequate supervisory service by specialists in various fields.

Modern plant and facilities.

Opportunities for improved and additional vocational training in such fields as business, machine shop, auto mechanics, woodworking, etc.

Guidance services under one or more trained counselors.

Adequate physical education facilities such as play areas, gymnasium, lockers and showers, and facilities for special corrective work to be carried out by trained physical education specialists.

Suitably appointed cafeteria serving well-balanced meals.

Classes at an economic size.

More economic use of specialized equipment for science, art, homemaking, shop, audio-visual education, dramatics, etc.

A well rounded music program providing for band, orchestra, vocal groups, and supervision of music instruction in all grades.

A specialist in art work who can instruct high school classes and supervise the elementary art work.

Flexibility in course offerings to meet interest, aptitudes and abilities of individual students.

Working conditions and salaries which will attract and hold good teachers.

An adequate school library.

A well equipped stage for school dramatics and music work.

Sufficient enrollment to provide good interscholastic and intramural teams in all sports.

Savings through quantity purchasing of school supplies and equipment.

A broad program of clubs and other co-curricular activities to meet various student interests.

An opportunity for each individual child to be broadened by contacts with more boys and girls and more teachers with wider experience.

Improved and widened course offerings.

A broader, richer program.

A factor not to be overlooked is the teacher supply in the years ahead. Good qualified teachers of mathematics, science, languages, etc., will be scarce. Other things being equal, teachers will be attracted to larger schools where they will be able to teach those subjects for which they are specifically trained. In smaller schools, teachers necessarily have to teach other subjects outside their major field. In the competition for securing good teachers, the small school will not fare so well.

The school boards and school planning committees of the four towns have held numerous meetings and have worked long and diligently in studying the needs of their respective communities. It is to be hoped that the townspeople will seriously consider their recommendations. What is best for the boys and girls and their future should be the guiding principle and of greatest concern to the citizens of Hinsdale.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, the School Building Committee, the School Board and the patrons of our schools for their co-operation.

Respectfully submitted,

CHESTER C. LEES,

Superintendent of Schools.
